

5 steps

to make your business Compliance Scheme ready

1

Register

Register with Repak ELT

All participants in the tyre industry must register with Repak ELT to be compliant with waste tyre regulations

2

Compliant

As a registered member of Repak ELT your reporting obligations must be kept up to date to ensure you are fully compliant

3

Reduce waste

Now is the time to reduce waste tyres on your premises. At launch all waste your business holds will incur the full vEMC

4

Check your supplier is Compliant

If your supplier (producer) is not a member of the scheme, you become the producer, and must also register and report to Producer Register (PRL)

5

Enjoy free tyre waste collection and compliance

vEMC

vEMC is a legal cost and must be charged and shown as a line item on all sales documentation
